THE CHURCH FOR ALL. ALL FOR THE CHURCH

The Church is the greatest facto n earth for the building of charac er and good citizenship. It is a store house of spiritual values. Without strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services reg larly and support the Church. Funny how you start looking ahead. When I came out of the shop today I happened to notice our sign — the big one with my name on it that hangs over the door. And I thought to myself, maybe someday we'll add: & SON . . .

But Marge and I know better than that! You can't plan your son's life for him. He's got to make his own decisions, choose his own road. One thing we have decided for him, though. That he's going to have all the moral and spiritual training a man needs to make right decisions and follow a straight road.

This God expects of us - of all parents. And our church is ready to do its vital part.
